7 **Scoring**

- 7.1 The sum of the best three positions from each school shall be used to determine the winning team in each division.
- 7.2 RRS, Appendix A, Low Point scoring system shall apply. For number of discards, please refer to the Sailing Instructions.
- 7.3 For 'C' and 'A' divisions, points shall be awarded to each position and the accumulated points scored by the best combination from each school shall determine the winning teams. The combination is defined as the sum of best points scored in each class and the next best score in either class.
- 7.4 In 'C' division and 'A' division Laser class, the first boat in a class of 60 competitors shall score 60 points and the subsequent boats will score according to the formula: Number of competitor – position + 1. For example the 3rd position will score $60 - 3 + 1 = 58$ points.
- 7.5 However, for the 'A' division 420 Class, the points scored will be twice the fleet size. The first boat in a fleet of 10 420's will score 20 points and the subsequent 420's will score according to the formula: $2 \times (\text{Number of competitor} - \text{position} + 1)$. For example the 3rd boat will score $2 \times (10 - 3 + 1) = 16$ points.
